※About Course of Media Class

"Course of Media Class" are classes in which more than half of the classes are held in places other than classrooms by making advanced use of various media.

Undergraduate students can include up to 60 credits in media class course as requirements for graduation.

Even if this is not the case, we may hold classes using the media.

## Detailed Syllabus Information

Course Name	Learning SDGs Globally and Locally	
Language of the Course	English	
Type of Class	Lecture Subject	
Course Objective	This course aims to develop students' understanding of SDGs by bringing together inspirational speakers and educators from diverse disciplinary backgrounds, who share their experiences and views in addressing local and global sustainability challenges. Through lectures, live and offline discussion sessions, students will gain a coherent and situated understanding of SDGs framework, its global local implications as well as needs for action.	
Learning Goals	After studying this course, students will be able to: <ul style="list-style-type: none"> <li>• Explain what UN SDGs are and why they matter to students themselves</li> <li>• Describe major challenges and opportunities for 3 sustainable goals</li> <li>• Propose a local action to address a global challenge</li> <li>• Effectively Communicate with participants from around the world</li> </ul>	
Requirement / Prerequisite	English communication skills (no need for English language test scores). We also welcome students willing to improve their English skills. Interest in SDGs, sustainability, global communication, and producing creative works are helpful. Students from diverse fields of studies are welcome.
